

China Yuchai Creates New Exhaust Emission Control Subsidiary

Singapore, July 27, 2018 – China Yuchai International Limited (NYSE: CYD) (“China Yuchai” or the “Company”), announced today the establishment of a new subsidiary, Guangxi Yuchai Exhaust Technology Co., Ltd (“YETC”), to design, produce and sell exhaust emission control systems for Chinese commercial vehicles to meet the highest domestic emission standard, China National VI.

YETC is a wholly owned subsidiary of Guangxi Yuchai Accessories Manufacturing Company Limited (“YAMC”), which is a wholly owned subsidiary of Guangxi Yuchai Machinery Co. Ltd. (“GYMCL”), the Company’s main operating subsidiary. The registered capital of YETC is RMB 62 million, contributed by internal funding.

Background of emission control

The new exhaust emission control systems are so-called combination systems under China National VI – the strictest emission standard for particulates, nitrogen oxide and hydrocarbons. This emission standard corresponds to Euro 6 in Europe and EPA 10 in the USA. China National VI will result in a further reduction of 80% for nitrogen oxides and 66% for particle mass compared to the China National 5 standard.

Dissolution of two subsidiaries

On a separate note, the following two subsidiaries have been deregistered from the Company Registry of the People’s Republic of China by GYMCL:

- i. Nanjing Yuchai Machinery Marketing Company Limited
- ii. Ningxia Yuchai Machinery Monopoly Co., Ltd.

About China Yuchai International:

China Yuchai, through its subsidiary GYMCL, engages in the manufacture, assembly, and sale of a wide variety of light-, medium- and heavy-duty engines for trucks, buses, passenger vehicles, construction equipment, marine and agriculture applications in China. GYMCL also produces diesel power generators. The engines produced by GYMCL range from diesel to natural gas and hybrid engines. Through its regional sales offices and authorized customer service centers, GYMCL distributes its engines directly to auto OEMs and retailers and provides maintenance and retrofitting services throughout China. Founded in 1951, GYMCL has established a reputable brand name, strong research and development team and significant market share in China with high-quality products and reliable after-sales support. In 2017, GYMCL sold 367,097 engines and is recognized as a leading manufacturer and distributor of engines in China. For more information, please visit <http://www.cyilimited.com>.
